SKILLS

- **Languages:** C++, C, Python, Java, JavaScript, SQL
- **Libraries:** NumPy, Pandas, TensorFlow, Seaborn, Scikit-learn
- **Tools/Platforms:** Git, GitHub, Excel, Power BI, Tableau, AWS, docker, Jenkins
- **Soft Skills:** Problem-solving Skills, Project Management, Adaptability, Critical Thinking

INTERNSHIP

Infosys Springboard Virtual Internship | [Certificate](#)

Feb '26 – Apr '26

Data Analytics & Visualization Intern

- Applied Python (Pandas, NumPy) and SQL to clean, preprocess, and analyze structured datasets, improving data quality
- Performed data analysis in Excel using filtering, sorting, and transformations to derive insights
- Built a Power BI election dashboard using DAX measures, KPIs, and slicers to visualize voter turnout, party performance, and constituency trends

PROJECTS

End to End AQI Prediction System | [Github](#)

Jan '26 – Feb '26

- Engineered an Air Quality Prediction project using Random Forest, Decision Tree, Gradient Boosting, and Linear Regression models with scikit-learn for comparative performance evaluation and pollution forecasting
- Executed data preprocessing, cleaning, feature transformation, and visualization using Pandas, Matplotlib, and Seaborn to analyze pollutant distribution, geographical pollution trends, and feature correlations
- Integrated clustering, PCA, and anomaly detection techniques for pollution pattern analysis, dimensionality reduction, and identification of abnormal environmental conditions

Fake News Classification | [Github](#)

Dec '25–Jan '26

- Processed and cleaned large-scale news datasets, combining 40K+ fake and real news articles to prepare high-quality training data for model development
- Designed and trained a machine learning pipeline using TF-IDF vectorization and LinearSVC to classify news articles as real or fake, achieving high accuracy and robust performance
- Delivered a Flask-based interactive web application with dynamic user input handling, real-time prediction, confidence scoring, and intuitive visualization of results, enabling accessible fake news detection

CERTIFICATES

- Privacy and Security in online Social Media | NPTEL | [Certificate](#) Nov '25
- Oracle Cloud Infrastructure 2025 Certified Data Science Professional | Oracle | [Certificate](#) Oct '25
- A Guide to Machine Learning with Data Science | CipherSchools | [Certificate](#) Jul '25
- Python for Machine Learning and Artificial Intelligence | CSE Pathshala | [Certificate](#) Mar '24

CO-CURRICULAR ACTIVITIES

Code-A-Hunt Hackathon | Coding Blocks LPU

Feb '24

- Cleared two competitive rounds among campus teams by developing a functional CareerConnect Job Portal prototype focused on job discovery and recruitment management.

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering
CGPA: 7.64 Since Aug '23
- **Aditya Junior College** Kakinada, Andhra Pradesh
Intermediate – MPC
Percentage: 87.8% Apr '21 – Mar '23
- **Narayana E.M. School** Kakinada, Andhra Pradesh
Secondary School Education
Percentage: 96.7% Apr '20 – Mar '21
